Hi Wanda,

The 21st is available and we can give it to you 6-10pm. However I do need it to go thru the april 22nd Board meeting and I will give you the actual permit on the 23rd , I have spoken to Mr. Mark Bruscino Director of Facilities and he does not anticipate a problem, I will be giving it to him for his pre-board meeting, if you could furnish me with a certificate of insurance and let me know what your needs are as far as tables -on the stage? in front of stage.. in the hall, anything like that so we can better prepare the space for your use. Also feel free to call me if you have any questions.

Good Morning Karen:

Thanks for reaching out to me on this since it is a major announcement. EPA is looking to hold a public meeting in Kearny to announce the Lower Passaic River Proposed Plan for the Lower Eight Mile Cleanup. The meeting will be in the evening 6 to 9 pm and we can expect anywhere from 50 to 100 parent (can't give an exact amount given it depends on the interest and availability of the community). At this meeting our Agency will give a formal presentation on our proposal and receive public comment from the audience. We are looking to have the meeting at the Franklin School on May 20 or 21. Can you verify it's availability and let me know of any paperwork we might need to fill out. We are a Federal government agency US Environmental Protection Agency and conduct official government business as such. I would appreciate if you could get back to me ASAP because I need to list the meeting location on documents before we finalize them. Please feel free to contact me with any other questions you may have.

Thanking you in advance for your cooperation.

Hi Wanda,

I relieved your request, for Franklin School, can you please give me more details. What time? how many people are you expecting? What is it for? As much details as possible.
